

SAFETY ALERT – WESTGATE ROUNDAABOUT

We have had a number of instances since commencing with works on the roundabout of members of the public crossing the road and entering the work zone.

I understand that the works may be of interest to local residents and stakeholders, but please may I remind everyone that this is a live construction site, and no one is to enter the work zone unless they are inducted in the site office (on Avenue De Chartres) and/or are accompanied by the site manager. And are in full personal protective equipment – Full high visibility clothing, safety boots and hard hats. These are essential rules to be adhered to for the health and safety of you and our operatives, there are no exceptions.

Anyone who enters the works area and is not authorized to do so, will be immediately removed from site. Failure to comply with this request is trespassing.

If you wish to know more about the works – please stop by my office on Avenue De Chartres, where I will be more than happy to answer any questions that you may have. Alternatively, my phone number is 07584259075.

Kind regards and thank you in advance for your understanding,

Dan Rose

Site Manager – Mildren Construction LTD
